### Educational TV Committees To Conduct Study

The representative committee studying the possibility of educational television facilities for all local schools has been divided into small groups for detailed research into the problem.

General Chairman of the committee is G. Arthur Danforth, head of the Science department at Pundard High School.

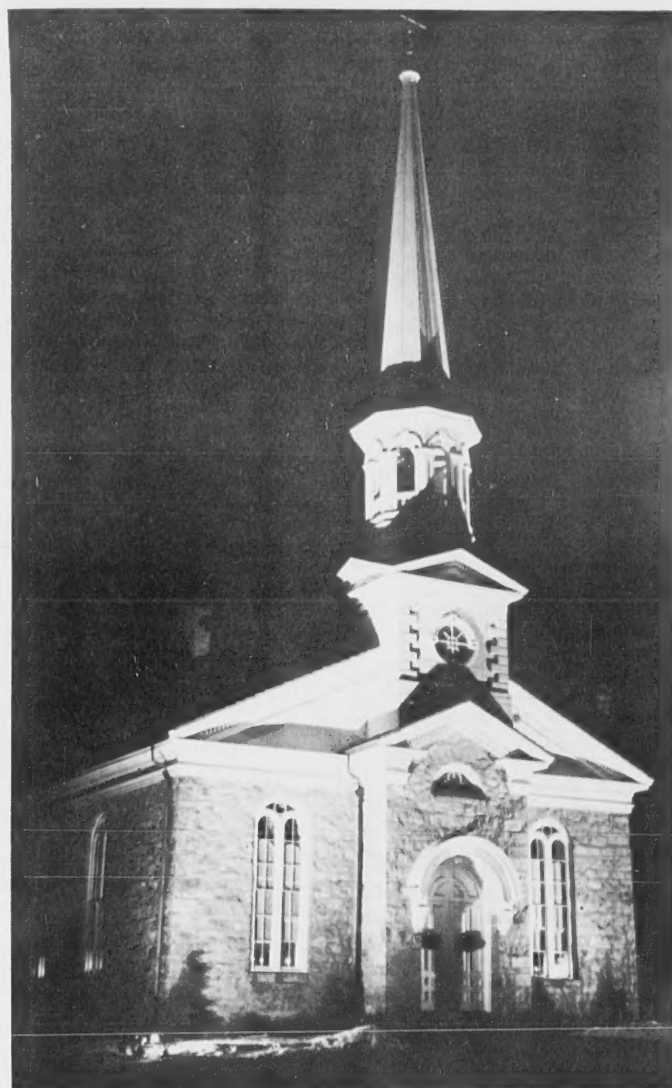

William J. Charlton, 137 Main st., is chairman of the Finance Committee. Serving with him are James A. Britt, 32 Shipman rd., representing Central PTA; Lionel A. Goulet, principal of the Bradlee School; Paul S. McKinnon, 6 Dumbarton st., Taxpayers Association; and John M. Murray, 27 Summer st.

### OFFERING GIVEN BY SUNDAY SCHOOL CHILDREN

The Junior Department of the Andover Baptist Church made its contribution to Hungarian relief last Sunday.

Proving that not only the adults can make sacrifices to help the refugees, members of that department have sent along their Sunday morning offering of \$4.31. Written on the envelope were these simple words: "Our birthday offering for Jesus birthday".

## Over \$1,000 Given Here So Far To Aid Hungarian Refugees

Over \$1,000 has already been raised here for Hungarian refugees coming to this area.

Selectman Stafford Lindsay, chairman of the fund raising appeal in this community and a member of the Greater Lawrence Steering Committee, said an organized special gifts appeal is being carried out.

Emphasizing the urgency of the situation, with at least 63 Hungarians already in the area, Lindsay suggested that anyone not contacted by solicitors leave their donation in any of the local banks or send checks to the Selectmen's office, Town Hall. Checks should be made payable to the Greater

Lawrence Hungarian Relief.

At the moment, 37 of the refugees are being temporarily housed at Phillips Academy and in private homes, while the remaining 26 are being housed in other Greater Lawrence homes and at the International Institute.

Mrs. Alfred Fuller, spokesman for the Andover Committee for Hungarian Relief, said that group will hold a meeting today to discuss future plans. The group has been working on details of acquiring a second house for another Hungarian family. Mrs. Fuller stressed that all financial assistance should be channeled through

## "Burt Plan" For Prom Night Receives Approval

### Polio Drive Still Vital To Public

"Let's finish the job" will be the battle cry of the 1957 March of Dimes this January, it was reported this week by Woodrow Crowley, co-chairman of the Andover Infantile Drive, on his return from a regional conference of March of Dimes leaders in Boston, fire Chief Henry Hilton serves with Crowley as co-chairman.

"There is still a tremendous job ahead until polio can really be counted out," Crowley said, and pointed out that the polio-fighting organization would seek \$46,900,000 for its program in 1957.

Mr. Crowley met with a group of National Foundation for Infantile Paralysis officials headed by Joseph Nee, National Director of

The "Burt plan" has been approved in principle for the Junior Prom next spring.

Headmaster Lindsay March asked the Committee's approval of the plan, which provides after-prom entertainment until well into the morning. The plan was started in Methuen by Theodore Burt, a member of that town's School Committee, as a means of keeping the teen-agers at home after the Prom. Burt is now an Andover resident and has been helping Mr. March in working out a similar program here.

Mr. March's letter to the Committee, asking initial approval, read in part:

"Mr. Burt suggested that the first step would be a formal vote of approval of the School Com-

**Standard of Living Shown  
By Country's Use of Oil**

A good barometer of a country's standard of living is its use of oil per capita. In the United States, oil consumption per capita ran over 735 gallons last year. In France, the per capita use was 104 gallons. Income figures run close parallel, for the average American's income is three times that of a Frenchman.

## Story Of H... Arrived In

During the past week Andover has been busy making arrangements for and playing host to 3 of the 63 Hungarian refugees who came into the Greater Lawrence area last Thursday and Friday. At 4:30 a.m. on the 20th, Brendon Farrington and William Graham of Phillips Academy were on hand to welcome 12 of the single men who were to be boarded temporarily in one of the P.A. dormitories in Alumni House. They served them coffee and donuts and then returned the next morning to take them out to breakfast.

Friday afternoon 14 more men arrived via the Boston contingent and were also bedded down in one of the dormitories. Saturday morning 14 of the younger boys were taken to the Sacred Heart School in Shawsheen where they have roomed and boarded since Sunday, all the men of the group were brought over to the P.A. Gym where they were allowed to swim, play basketball and work out in the gym. Food has been provided for the group at Alumni House by members of the Red Cross canteen and various church groups. They joined all the other men at the Institute for Christmas night dinner at Bishops in Lawrence. Transportation to all events at the Institute, including their English lessons, has been arranged for by Mrs. Fred I. Kenner and Penrose Halliwell.

## Parking Area

Surely someone, or some town agency, has control of the municipal parking lot.

We would suggest that whatever board is responsible take some action to have it plowed after a snowstorm rather than leaving it to clear itself if there happens to be a thaw.

As we understand it, the Board of Public Works usually plows the area, but was hampered after the snowfall some days ago because cars were left all over the lot by drivers who were reluctant to drive them home or by those who have no garages. It apparently was impossible to plow the area with the cars scattered every which way, so nothing was done. And of course the situation became worse as shoppers and those who ordinarily leave their cars in the lot each day found they had to park at unusual angles after driving in through snow and frozen slush.

Couldn't there be some regulation that would clear the area of cars long enough for it to be plowed properly? That would give the day-to-day users a break and would make much easier parking for those who leave their cars in the lot every night.

## "Burtt Plan" Is Good

The School Committee acted wisely in approving the "Burtt Plan" for the Junior Prom.

For a number of years there have been repeated attempts to control the post-prom activities of some students who like to take off on long rides to distant night spots. But no one except the parents has any real control over the youngsters once they leave the dance. Thus it has been difficult to keep some of the teen-agers from using the Prom as an excuse for late-hour revelry.

The "Burtt Plan" provides for entertainment after the Prom, probably an early morning meal and more dancing until three or four o'clock in the morning. It has been Methuen's experience that the class members enjoy the festivities thoroughly.

Ted Burtt, who devised the program for Methuen when he was a member of the School Committee there, is now an Andover resident and has been consulted by the headmaster, Lindsay March. His advice and help will go far towards making the event a success.

We're looking forward to hearing more of the plans.

## Campfire Girls Had Successful Candy Sale In December

Final results of the Andover Blue Bird-Campfire Girl Organization's annual candy sale, which ended Dec. 15, have just been tabulated, it was announced by Mrs. Martin P. Burns, 11 Argyle st., Chairman of the Candy Sale Committee.

"Results of this year's Candy Campaign, proceeds of which support the work of the Blue Bird-Campfire Movement, have exceeded our expectations", Mrs. Burns said, "and will insure the continuation of this splendid work among the girls of Andover."

Special gratitude, on behalf of the local girls, is offered to the large number of Andover residents who supported the drive by purchasing candy and by otherwise assisting in the sale.

Four Blue Bird-Campfire Girl groups won special awards by achieving a sales record of 24 boxes per registered member. These award-winning groups were Mrs. Sherman Carr's Busy Bunny Blue Birds, Mrs. Alex Blamire's A-Ki-Ta-O-We Campfire Girls, Mrs. Michael Campagna's A-O-Wa-Ki-Ya Campfire Girls and Mrs. Winslow Burliegh's No-We-Pat-I-Mum Campfire Girls.

Special recognition is being given three groups whose sales records averaged more than 12 boxes per registered member. These groups are Mrs. Alphonse Canuel's Singing Blue Birds, Mrs. James Wilson's Bluebird Fairies, and Mrs. Philip Riley's Ta-Wan-Ko Campfire Girls.

All other Blue Bird-Campfire groups sold an average of 12 boxes per registered member.

## What Our Readers Say—

To the Editor of the Townsman:

"It was a lovely surprise to find the Christmas story from the Gospel of Luke on the front page of this week's Townsman."

"Because of your presenting it in such a conspicuous and attractive manner, I'm sure that many persons in Andover will read this beautiful Christmas story who might not otherwise have taken the time to look it up."

Elizabeth H. Newcomb

To the Editor of the Townsman:

"I want to tell you what a fine copy of the Townsman this week's issue is. The front page was beautiful and dignified."

The account of the Hungarian family was very interesting and well done."

## Down the Years with The Townsman

### 50 Years Ago — December, 1906

Christmas music will be repeated in the West Parish Church next Sunday.

The Ballardvale Mills Co. has voluntarily advanced the wages of their employees by five percent, thus sharing with the help the prosperity that is manifest everywhere in the country.

A box party is to be held in Odd Fellows Hall next Monday evening to the members of the Rebekah degree staff and their friends.

Nothing was done at the Selectmen's meeting Monday about the Lawrence water question. Board members said it required more study.

The ice crop on the local ponds is said to be an exceptionally good one with the various firms rapidly filling their ice houses.

A memorial service for members who died in 1906 will be held in South Church next Wednesday evening.

Many local people attended the performance of the Messiah in Symphony Hall, Boston, on Christmas night.

The house of Selectman Samuel H. Bailey was visited by a burglar early this morning, but the intruder was frightened away before anything was taken.

A special town meeting will be held Jan. 7 at 7:30 p.m. to act on the request from the City of Lawrence that Andover sell that city enough water to tide it over the current emergency.

Knoxie B. and Loring H., two fast horses owned by William H. Higgins, each won a second place in the Christmas races held on the Lawrence speedway Tuesday. The race in which Knoxie B. participated was the fastest of the meet and the winner, Nelma, was exerted to her utmost to win.

James Saunders and Timothy McCarthy were among the most successful of many fishermen seen trying their luck through the ice of the Shawsheen River on Christmas Day.

The meeting of the Mother's Club at the John Dove School has been postponed to Jan. 11.

### 25 Years Ago — December, 1931

Approval of Andover's drinking water from Haggett's Pond has been received from the State Department of Public Health. The approval was contained in a letter which said a bacteria count after installation of the new chlorinator showed the water to be relatively free of bacteria.

Patrick J. Holland of Lawrence was low bidder and has received a contract to build the three-lane highway from Baker's Turnout to Andover Hill. His bid was \$104,000, some \$2000 less than the next firm.

Seven fire alarms during the past week kept the Fire Department busy. There were several brush fires, a Christmas tree blaze and a car fire.

The playground behind Punchard High School will be flooded as soon as a prolonged stretch of cold weather comes. BPW Supt. Charles Gilliard said his department will spray enough water in the area to make a decent skating area. Meanwhile, adults and children alike have been using all the town's ponds for skating and hockey, with Hussey's providing the best skating.

More than 50 motorists have received warning tickets for speeding between the Lawrence line and Shawsheen sq. since Tuesday noon. Capt. George Dime said second tickets for any of the motorists will result in fines being levied. The drive against speeders started after a small boy was hit in that area last week and his father asked the Selectmen to do something about the condition. A petition has also been sent to the State Police by some residents asking them to patrol the section.

A public whist party was held Monday evening in G.A.R. Hall under the auspices of the Ladies Auxiliary to Walter L. Raymond Camp 111, Sons of Veterans. Many prizes were awarded.

Public aid to the poor reached a high point here during the holidays. The public health nurse and welfare supervisor reported 111 baskets of food were distributed through the aid of individuals and merchants, as were quantities of clothing and toys.

### 10 Years Ago — December, 1946

The Andover Garden Club awarded two prizes for the most artistically-arranged doorways, one to a club member and one to a non-member. There were many entries in the annual contest.

A group of Carol singers from the West Church journeyed to various sections of town Christmas Eve to sing for shut-ins and older residents of the town.

Troop 71 and Pack 71 are beginning preparations for Scout Night to be held as the feature of the March meeting of the Shawsheen PTA meeting. The association sponsors both scout units.

A continuing party was held in the Ballardvale Community Room Saturday. The afternoon portion was for the youngsters and, in the evening, adults enjoyed the festivities. Santa Claus was there and distributed gifts to all.

Hundreds of visitors have already viewed the Nativity Scene sponsored by the directors of the Opera Garden on Porter rd. Weather permitting, the illuminated spectacle will continue through Jan. 1, from 6-10 p.m.

given happy and temporary shelter there for the past week.

Other Andover residents have opened their homes to various refugees. Many were invited to Christmas dinner and several have been house guests since they arrived in town. Dr. and Mrs. Ferenc Szako and Zoltan Tomor were the guests of Dr. and Mrs. Milton Myers; Mr. and Mrs. Istvan Dinka and their three children were the guests of Mr. and Mrs. Dean K. Webster. The Dink family have now been moved over to a dormitory at P.A. until a home that is being prepared for them in Methuen is ready. Mrs. Webster said that she hopes within another week all other temporary housing will be given up as apartments and homes are readied through Greater Lawrence.

Dr. and Mrs. Szako have contacted relatives in Cleveland, Ohio and will soon travel in to greet them.

Frank Trombly drove for two nights and days while conveying the refugees to this area.

Have you saved as much in 1956 as you thought you would?

1956 is gone now. In 1957 are you going to wonder where all your money goes, or are you going to tell it where to go? A man makes for himself his own place, and the determined start is the first step.

Deposit a certain amount each pay day before you go home. Make it a certain reasonable fraction of your wages or salary, but allow no exceptions.

Determine now to start the New Year right and stick, and the passbook will be the record of your financial achievement.

The March of Dimes. "The advent of the March of Dimes-sponsored Salk Vaccine has led many people to believe that polio is just about licked," Mr. Crowley said, "but actually many millions of persons in susceptible age groups are not yet vaccinated and there are many thousands stricken with polio for whom a vaccine comes too late. Much work remains for the March of Dimes if a victory over a virus is to be translated into a victory over a disease".

Part of the money raised in the 1957 March of Dimes will be earmarked for a program of assistance for those families who cannot afford vaccinations. Also, as the threat of polio epidemics is reduced, the emphasis in the polio fight will shift from saving lives to making the lives of those saved worth living, the March of Dimes leader said.

In Andover in 1956 a total of \$31,016.94 was spent on hospital care for polio victims by the Essex County Chapter.

mittie before any plans are proposed to community organizations. May I hereby request that the Committee approve in principle a plan for the Prom which would involve the solicitation of community support of a program of entertainment to supplement the Prom. It should be understood that a good part of the plan would be that of conducting a program that could run to three or four o'clock in the morning. It has been Mr. Burtt's experience that it is essential for pupils to be really tired and ready to go home to bed if the purpose is to be achieved, namely, no long automobile trips after the Prom.

If things don't come your way it is about time for you to be going after them.

## NEW STORY ON DOLLS

When your daughter rocks her doll to sleep, and the doll's eyes close, it's a convincing performance. The realism of modern dolls is astonishing. One of the newest is a plastic baby that cries when you pull a lollypop from its mouth.

Next time you look at a doll, notice its eyes. The open-and-

shut variety are ingenious creations made with alkylid resin enamel, cellulose acetate butyrate, and dichloroethylene. The eye-lashes probably are nylon. All these substances have something in common. They contain oil in some form or other—the kind of oil that comes from an oil well.

Although movable eyes are fairly recent additions to the doll world, dolls themselves have

been around since little girls have. In fact, they're one of the oldest human institutions, found among both civilized and savage people the world over. They appear among the American Indians as the image of a deity regarded as sacred and given to the child as part of his or her religious instruction.

Dolls are used today, too, to instruct children. Besides satisfying the child's desire to imitate mother, they teach manual skills. Some dolls have realistic vinyl skin (made with oil derivatives) so future Miss Americas can practice using cosmetics. Others come with hair of nylon or rayon that can be shampooed or set. Yes, it's made from oil too, which just shows how important this magical substance is in the toy manufacturing world. In fact, it's important in almost any world you want to mention, including your own.

When a man happens to do the right thing at the right time he calls it good judgment.

## Several Sites Possible For Telephone Bldg

Rogers Brook reconstruction a vital key to the choice of a new home for the Telephone Co. here. Thus the BPW has asked the state to give priority to the Central st. section of the Brook which flows beneath Main st. The state is reviewing plans for the reconstruction drawn by a BPW consultant.

The Telephone Co. is reported to be considering several sites for a colonial-type structure large enough to house dial equipment promised for 1958.

It is expected that an announcement will be made soon. (Continued on Page Nine)

## Kuns See First Movie Here With Friendly Residents

An unknown benefactor treated the Kun family, Andover's first permanently-settled Hungarian refugees, to a movie over the weekend.

Mr. Kun told Mrs. Alfred F. that he and his wife were well by the theatre, apparently looking slightly wistful, when a man and his wife invited them to see a movie with them.

The next day, the same couple stopped at the Kun's home on High st., and presented them with a pop-up toaster.
